Dr. H. A. MacCallum,
Dean, Faculty of Medicine,
Western University, London.

Dear Dr. MacCallum:

I am sending you a copy of the proposal that the University of Toronto is about to lay before the Medical Council. We think, however, that it might be an advantage to have the matter discussed by representatives of London and Queen's before we see the Council. I am therefore proposing that we should have a meeting in my office on Friday morning of this week, November 12, at 10 o'clock, in order to consider this proposal. I am writing to the same effect to Dean Connell. If we can come to any decision on Friday morning, it is possible that we might meet the Council on Saturday morning, and Dean Clarke will find out from the Secretary whether such provisional meeting could be arranged for.

With kind regards, I am,

Yours sincerely,

President.
